

Registering Your Quartet in Barberscore for a Contest

The BABS Contest Admin Team has moved to a new Contest Scoring and Reporting System hosted by BHS called Barberscore.

Although this year you are already registered for Convention in May you will also need to register your Quartet in the Barberscore system.

The first stage is for the Quartet Contact to create an account in the BHS Member Centre which must be completed in a single online session. The information required is as follows: -

Quartet Name. Please note that unlike BABS the BHS system sometimes holds multiple quartets with the same name.

Quartet Contact, Name and Email Address.

Name, Email Address and Voice Part of all members of the quartet.

Contest Results will be sent by email to these addresses after the Awards have been announced in the auditorium.

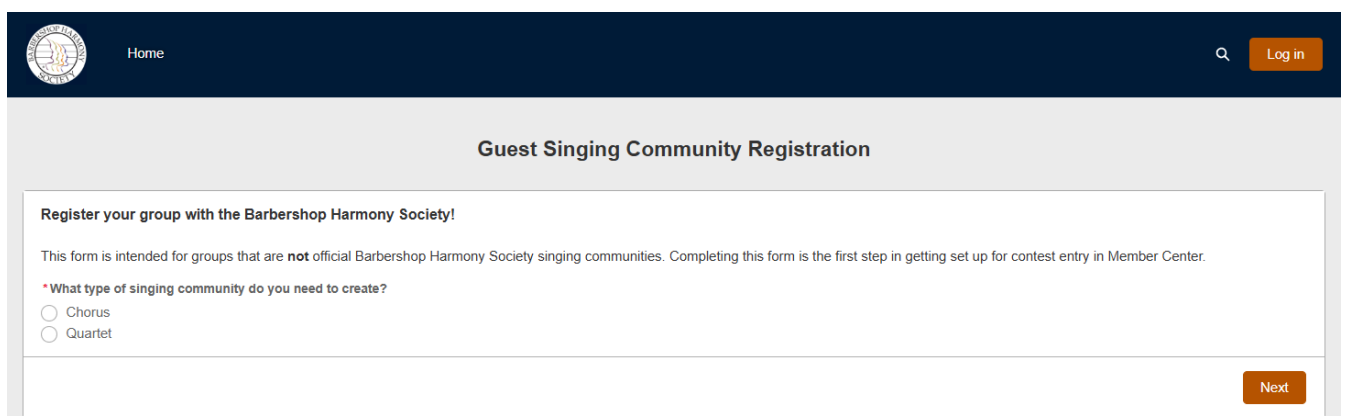

Once your quartet is registered you can then login to your BHS account click on 'Manage My SC's' (singing communities) and enter a contest and the songs you plan to sing. Songs can be added any time up to three weeks before the contest in the Repertory section.

This is a very intuitive process where you can use the normal back arrow link in your browser or press refresh if you are lost. Below are screen shots of the process that you may wish to review before you start.

Start your BHS registration using this link: -

Select Quartet

The screenshot shows the 'Guest Singing Community Registration' page. At the top, there is a dark blue header with the BHS logo, a 'Home' link, a search icon, and a 'Log in' button. Below the header, the page title 'Guest Singing Community Registration' is centered. The main content area has a light gray background and contains a registration form. The form starts with the heading 'Register your group with the Barbershop Harmony Society!' followed by a note: 'This form is intended for groups that are **not** official Barbershop Harmony Society singing communities. Completing this form is the first step in getting set up for contest entry in Member Center.' The first question is 'What type of singing community do you need to create?' with two radio button options: 'Chorus' and 'Quartet'. The 'Quartet' option is selected. At the bottom right of the form, there is a 'Next' button.

Enter Your Quartet Name and Classification. Select Yes for Other Barbershop Organisation and choose BABS from the dropdown list.

The screenshot shows the 'Guest Singing Community Registration' form. The top navigation bar includes the Barbershop Harmony Society logo, a 'Home' link, a search icon, and a 'Log in' button. The form title is 'Guest Singing Community Registration'. The first section, labeled '* Quartet Name', contains a text input field with a cursor. The second section, labeled '* Classification', features a dropdown menu currently showing 'Mixed Harmony or All Voices'. The third section, labeled '* Does your quartet represent a barbershop organization other than the Barbershop Harmony Society?', has two radio buttons: 'Yes' and 'No'. A 'Next' button is located at the bottom right of the form.

Select BABS from the Dropdown List

This screenshot shows the same registration form as the previous one, but with more data entered. The 'Quartet Name' field now contains 'Time After Time'. The 'Classification' dropdown remains 'Mixed Harmony or All Voices'. In the 'Does your quartet represent a barbershop organization other than the Barbershop Harmony Society?' section, the 'Yes' radio button is selected. A new section, labeled '* Please select from the following organizations:', has been added below the radio buttons, featuring a dropdown menu with 'BABS' selected. The 'Next' button remains at the bottom right.

Select Manage My Singing Communities (SC's)

On this screen you can manage your quartet and, lower down, add the songs you will sing in the Repertory Section. National Quartet contestants should add four songs in readiness for the final.

If you have a new custom arrangement or parody - (or you can't find your chart in the search list) - then you must send a copy of the sheet music or the first page to charts@barberscore.com. Acceptable formats include a PDF or a photo (such as .jpeg or .gif) and must include the title, arranger, composer, and copyright info clearly visible. For a medley you must submit the full copy. Our datamaster will get the information into the system as quickly as possible -- usually in less than 24 hours -- and add it to your repertory for you. The datamaster may also request you to submit a copy of a chart already in your repertory to validate the entry in the database. If this chart is private or exclusive for your group, please indicate as such in your email, and we will mark it as "protected" in the Barberscore database.
