- An event should ideally involve a minimum of five musical organisations of which at least three must be a BABS or LABBS member clubs where practical (including the organising clubs).
- Events can take a number of forms and innovative applications are welcome. Clubs must submit an outline of their event including but not limited to location, clubs and other groups involved, estimated costs and charges to be made. Events may include education, coaching, performances, celebrations or any combination of these.

The panel will consider and prioritise applications based on the following criteria:
