

2024 yCAM FORUM Tampere 6-8 May

Join us and meet your colleagues of tomorrow at **yCAM**, the young Ceramists Additive Manufacturing Forum!

yCAM is a **conference and a community** discussing the themes of Additive Manufacturing of ceramic materials, providing space for **open and engaging discussions**.

Our traditional 2.5 days conference layout will have a special addition: don't miss the opportunity to participate in RheoCAM, an unique workshop dedicated to rheology!

RheoCAM workshop - 8 May

For abstract submission, deadlines and registration, you can take a look at the yCAM 2024 webpage at:
