The Programme

The programme on the main day is due to be released week commencing 5 September and will feature a macro-economic outlook and the impact on CRE, as well as several topical conversations including 'Lending in a turning cycle', 'Financing thriving CRE market opportunities', and the 'Evolving structure of the market' For those in-person, the lunch time roundtables will feature in the programme - a big hit in 2021 these discussions will enable deeper conversations, the exchange of ideas and further valuable networking opportunities.

Satellite events

We are planning to hold several smaller, in-person events on Tuesday 8 November at a variety of locations. Sponsor opportunities and further information will be released in September.

YPREF Speed Networking

Building upon the connections created at our YPREF event in June we will host a Speed Networking morning on Thursday 9 November. YPREF can register interest from 5 September.
