

How to do Data Governance without getting overwhelmed

Introductions

Nicola Askham

The Data Governance Coach

On this sheep-scale,
how do you feel today?

The 'Big Bang' Problem

Big Bang Theory WAY

A green street sign with white text is mounted on a black pole. The sign reads "Big Bang Theory WAY". The background features a clear blue sky with some light clouds and the green foliage of trees.

The Sustainable Approach to Data Governance

- Focus on business value first
- Start with quick wins
- Scale gradually based on proven success
- Keep the people central

Prioritise for Results

- High-value low-effort activities first
- Activities which deliver measurable business results
- What can safely wait?

AI: Your Data Governance Friend or Foe?

✓ Where AI helps:

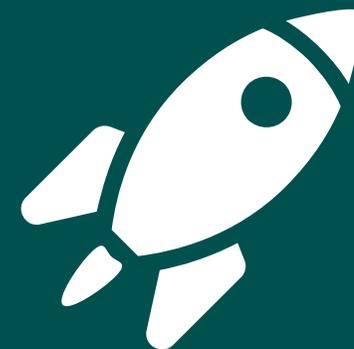

- Data quality rules
- Pattern detection
- Automation

✗ Where AI cannot help:

- Context
- Business definitions
- Stakeholder buy-in

Sustainable Data Governance Without Burnout

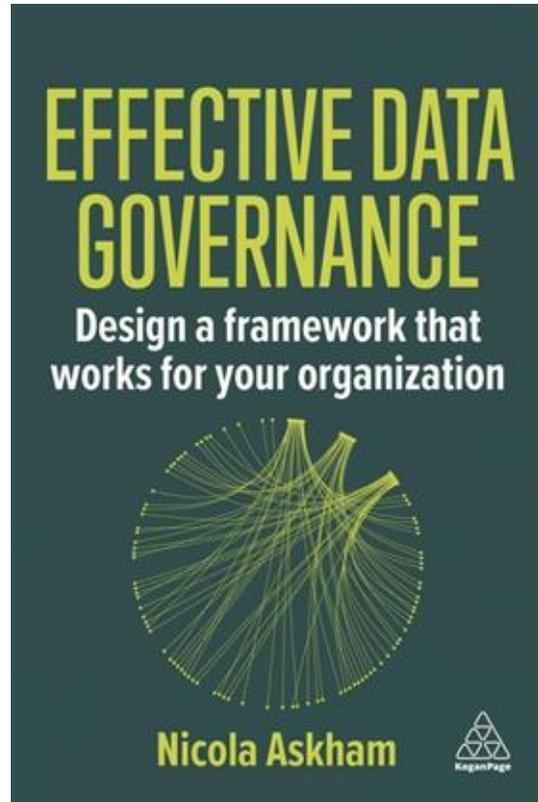

Your First Steps to Less Overwhelm

- Pick ONE business problem to solve
- Start with willing participants
- Automate the boring stuff (but not the thinking)
