

WSWSHG presents:

EXPLORING THE HEALING POTENTIAL OF ANIMAL REMEDIES

**A talk and discussion with THE JOSHI'S
(Dr. Bhawisha and Dr. Shachindra Joshi)**

**Tuesday March 17th at 1pm on Zoom (live recording), and
Tuesday March 17th at 8pm on Zoom (recorded broadcast)
Registered Health Professionals and Students Welcome**

We will discover a systematic way of prescribing Animal remedies in pathological cases using the MAP system, created by the Joshi's as a practical method of kingdoms differentiation and remedy selection. In this talk they will demonstrate their use of animal remedies in challenging cases, including cancers, autoimmune conditions, and ulcers, presenting a clear framework for application in practice.

Dr. Bhawisha and Dr. Shachindra Joshi have dedicated nearly 30 years to advancing the science of Homeopathy. Based in Mumbai, both hold M.D. degrees in Homeopathic Medicine & Surgery, and are the creators of the MAP System of Homeopathy. With schools in Sweden, Germany and England, they have given several hundred seminars worldwide, and published nine books.
