**A talk and discussion with
DR. SHEKHAR ALGUNDGI**

**Tuesday September 15th, 8-10pm (UK time) on Zoom
Registered Health Professionals and Students Welcome**

Dr. Algundgi possesses an ability to perceive the complexities of human nature by approaching them from a unique variety of aspects and angles. His analysis of the mind-body-soul relationship, whereby one can hope to arrive at an understanding of the innermost essence of an individual, will be demonstrated in this talk.

On this, his second address to our group, he will speak in particular about the Row 2 remedies, giving specific attention to their place in the understanding of Dr. Rajan Sankaran's Superclass approach.
