A Chara,

The Irish Landscape Institute (ILI) is delighted to present the opportunity to advertise your brand through sponsorship of the ILI Conference 2025. The event offers a unique platform to engage with key landscape professionals and influence the future of the industry.

Since its founding in 1992, the ILI has been committed to pioneering new approaches to environmental planning and to raising the standards of landscape design in Ireland. The ILI is the Professional Body representing Qualified Landscape Architects, Landscape Managers, and Landscape Planners in Ireland. It is the National Representative Body for Ireland in the International Federation of Landscape Architects Europe (IFLA Europe).

The conference runs every other year alternating with the ILI Awards and numbers generally average around 200-300. We have a total membership of over 300 plus 35+ of Ireland's top landscape architecture practices which you can see on [Directory of Landscape Architecture Practices in Ireland | Irish Landscape Institute](#).

The conference will focus on **PEOPLE, PLACE, PROCESS AND POSSIBILITY:**

- Landscapes for **PEOPLE:** Accessibility, flexibility and adaptability in the Irish Urban Environment.
- **PLACES** of the resilience: Protecting, strengthening and enhancing nature for benefit of landscape.
- **PROCESS:** Creativity and active community engagement in the development of great places.
- **POSSIBILITY:** Examining the future possibilities.
