Dear entrant

Thank you for considering taking part in this year's Harrogate Autumn Flower Show.

For over forty years, the North of England Horticultural Society has developed its competitive fruit and vegetable schedule as a means of supporting and celebrating the achievements of gardeners from across the north of England and beyond.

The schedule for the event maintains many traditional favourite classes, from the famous National Onion Championships to the annual 'Battle of the Giants.' It also offers categories for those new to gardening, including beginners' classes in both vegetables and fruit, so whether you're a seasoned grower or just happy pottering, there's something for everyone.

If you need advice or have any queries, just drop us a line at info@flowershow.org.uk and we'll make sure that you have all you need to celebrate a successful gardening year in 2023.
