PRESIDENT'S LETTER

Dear Members, Exhibitors and Friends,

We open our doors on Saturday 15th August 2026 where you are invited to experience local produce at its best at the 115th Cupar Flower and Craft Show.

We have something in the schedule for almost every keen gardener, baker, crafter, photographer and florist. Whilst there is a degree of competition, this is an amateur show and the Society encourages entries from all, so no need to worry if you've never taken part before, we are here to help you every step of the way. We had such a wonderful Show last year with the benches stacked full of fantastic exhibits; let's hope that this year can be equally as impressive!

We would not be able to put on our flower shows without the hard work and dedication of the committee and volunteers, so I would like to extend a sincere **thank you** to all those involved. We can never have enough help around show time so if you have some free time, please let us know.

Our Charity this year is Lucky Ewe, which provides placements for young people with additional support needs of any kind to give them the chance to gain experience in farming and the outdoors, at their 70-acre site just outside Cupar.

Check out our website www.cuparflowershow.co.uk for full details of the Show, along with hints and tips for showing, and follow us on Facebook [Facebook/CuparFlowerShow](https://www.facebook.com/CuparFlowerShow).

On behalf of the Cupar and District Floral and Horticultural Society, I'd like to thank the sponsors and advertisers for their generosity and continuing support, especially in times of financial hardship; to all the exhibitors who take the time to enter the show, together with the invaluable help from all judges, stewards and volunteers; and finally to the members of the public who come along and support the Show.

Thank you all. I look forward to seeing you all in August.

Les Wheelans
President

Schools and Youth Groups Gardening Competitions

Sponsored by Cupar Ford Centre

The Cupar Flower Show are keen to encourage the younger generation to be involved in horticulture and to care for their environment. With this in mind, we have two competitions for schools and youth groups to enter; a gardening competition and a pallet garden competition – AND yes, you can enter both!

Garden Competition – Our judges will visit a patch of land/bed/garden that the children have cultivated themselves or have helped to cultivate. The children will be required to share what they have been busy doing and show what they have learned.

Pallet Garden Competition - Judges will visit to see a decorated and planted pallet (this competition may suit groups with limited space).

All you need to do is choose a theme and decide:

- which plants to grow from seed
- which plug plants to grow and nurture
- how to decorate your pallet or garden with your plants and more!
- how you will nurture and care for your plants

Judges are keen to learn about the children's involvement in choosing the theme, what plants were chosen and why, and learn about their involvement through all stages, and for both competitions, may ask questions such as:

What seeds did you sow?

What have you chosen to grow and why?

When did you plant out your seedlings?

Did you prick out (transplant) any seedlings?

What has gone well?

How do you take care of your plants?

What have you learned?

Record your progress in pictures & photos.

SRUC Elmwood College can offer a session for schools interested in participating to attend the campus to plant seeds. The plants will be looked after by SRUC students and made available for collection when the schools are ready to plant them in their Garden or Pallet. Contact Andrea Roach at SRUC – andrea.roach@sruc.ac.uk.
