

Richard Smart

I have known Richard Smart for some 20 years in connection with my work at Sovereign World Trust, a Christian Charity that distributes books to the developing nations.

Richard is one of our main partners and arguably the most enthusiastic. With his assistance, well over 20,000 books have been shipped to Uganda and the surrounding nations.

In addition to literature for equipping leaders, he has a passion to see people in the African nations break away from dependence on gifts and a move towards self-sustainable business applying Godly principles in the handling of finance. This has been a costly exercise for him requiring resilience and grace.

I am very happy to recommend him, without reservation, as someone who is utterly trustworthy and faithful to the work God sets before him. We, at the Trust, are very pleased to have him as one of our ministry partners. We pray that God will expand his sphere of influence.
