

# Community membership offer

Community Membership enables you to become part of an Advantaged Thinking community and movement. Through programmes and in person events, you will be able to share good practice, inspiration and learning with our network

Community membership gives access to our **Programmes**. We continually look to add to our offer. Currently, this includes the **Youth Power Fund**. Foyers will be awarded up to £15,000 a year for three years to develop creative, sustainable approaches, working closely with young people in the design, development and delivery of the project. Each funded service will be supported through a learning cohort and regular meetings. Young Consultants will design and deliver the learning cohort, and visit funded services.

## TALENT bonds

Our Talent Bond fund awards young people in Foyers with direct investment of up to £300 for a project or purchase that grows a talent, builds on a strength or develops a skill.

We ask young people to be creative with their ideas, as well as brave, thoughtful and organised as they start up the project, run with it and make it happen!

Since the fund started in January 2019, we've funded 57 young people's ideas.

You have the opportunity to work with your young people to take this opportunity and progress their dreams.

## FOYER CONNECT

An event for direct delivery colleagues to connect, explore practical approaches to Advantaged Thinking and get inspired. These events provide a rare opportunity for frontline staff to come together, share ideas and learn practical tools that will enhance their day to day work with young people.
